

President Nic Moore invites all parents and friends of the BTJFC Bullants to attend an extraordinary General meeting on Wednesday 15th May 2019 at the Ted Ajani Clubrooms at 7.30pm.

The meeting is to present information and seek member feedback relating to the impact of the North East Link (NEL) on the Club's home ground, Bulleen Park, both during and post construction.

Nic and several Committee members have been in discussions with NELA, Manningham Council and other stakeholders over the past 12 months and in recent weeks they have attended several meetings to review the details of the 10,000 page Environmental Effects Statement (EES), which outlines the impact of this construction on the local landscape and surrounds, and the associated impact on tenants.

*The Club will be making a submission in response to the EES by the June 7th deadline.*

If you are unable to attend the meeting but would like to contribute to the submission, please contact Nic Moore directly.
